## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:  
  
The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
2. Claims 27-34 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
3. Claim 27 is presented in dependent form, depending from claim 701, which is not provided in the list of claims. Thus, the dependency of claim 27 is unclear to the examiner.

### ***Claim Rejections - 35 USC § 102***

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 26-28, 31 and 35-37 are rejected under 35 U.S.C. 102(b) as being anticipated by Axelsson (US 6,178,914).

Axelsson discloses the same marine handling craft as claimed, as shown in Figures 1-8, that is operable in combination with a primary platform or ship, defined as Part #1, and is deployable so as to capture an object or supply vessel, defined as

Part #6, where said marine handling craft, defined as Part #5, can be connected to a tether, defined as Part #10, that is attachable to said ship, as shown in Figure 3, and said supply vessel can be mated and docked with said marine handling craft, as shown in Figure 4. Said marine handling craft along with said supply vessel can also be raised and lowered by means of a crane hoist, defined as Part #11, to which is attached said tether, as shown in Figures 1-3.

***Allowable Subject Matter***

6. Claims 1-25 are allowed.
7. Claims 29, 30 and 32-34 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

***Conclusion***

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Lehmann et al. (US 3,448,712) discloses a means for docking and towing a watercraft.
